# X-ray table
# **Amadeo V pico**
# for the small animal practice

The inexpensive Amadeo V pico X-ray table was specially developed for small animal practices. It has an integrated stand including a 5 kW generator and can be used in a variety of ways. With the Amadeo V pico, you can quickly and easily take exposures with the detector placed above or under the table. The moving cassette drawer makes it easier to position the four-legged patient.

- X-ray unit can be moved longitudinally centred over the centre of the table, cassette / grid drawer follows the generator in a centred position

- Standardised with 5 kW generator, other generators on request

- Table frame is made of anodised aluminium

- Table top is made of radiolucent white plastic

- Easy to clean and resistant to disinfectants

- Optional: size-adjustable HD fixing cot made of plastic

- Optional: also available without generator

- Table top dimensions: 1,591 x 742 mm

- Working height: 806 mm; total height: 2,215 mm
